

## ESSAY COMPETITION ON DEMOCRACY

All interested should read this

There is great need, not only that we should maintain, but we should create, democracy in the democratic countries of the world.

Democracy is being threatened today both without and within. In seeking to stimulate the thinking of our young people through the writing of essays—an essay competition on democracy is being sponsored by the U and W (United and Win) Movement—a movement or effort attempting to get the young adults of the province to think about, study, and take their full share of responsibility in helping to solve the problems of Alberta.

There are two subjects—

1—Why we should establish democracy in Alberta.

2—How we can establish democracy in Alberta.

By democracy is meant, for purposes of this essay, "the government of the people, by the people and for the people," an order of society which recognizes the right of the individual to freedom, to work, to recreation, to education, to equality of opportunity, to equality before the law. The theory of totalitarianism is that the people exist for the state; the theory of democracy is that the state exists for the people.

The rules of the competition are as follows—

1—It is open to everyone with no discrimination.

2—A person may write on one or both of the subjects. If on both, the essays must be separate and distinct.

3—The essay must not exceed 2500 words.

4—It is the idea expressed that will count exclusively, not the literary style.

5—The time limit is the end of February.

6—There are \$100 in prize. For the first essay the first prize of \$25 is donated by Mr. A. M. Shaver of A. M. Shaver Ltd., Park Memorial, Calgary; the second prize of \$15 is donated by Mr. B. C. Blininger of Blininger Ltd., Calgary; the third prize of \$5 by Mr. Noel Parrow of Parrow's Drug Store. Concerning the first prize in the essay and essay see note below; the second prize of \$15 is donated by Mr. B. Macdonald of B. Macdonald Insurance Co. Ltd., Calgary. The third prize of \$5 by an anonymous donor in the name of Knox United Church, Calgary. The judges are men of prominence, but their names will not be published unless written consent is first obtained.

7—The prize winning essays and names of the winners will be released to the press, as soon after the close of the competition as possible, and also printed for distribution, if funds are available.

8—Essays should be sent, bearing the name and address of writer, to Dr. Warwick R. Kelloway, Knox United Church, Calgary.

NOTE—It would seem to be a fitting gesture that this first prize of \$25 for the second essay should be donated by the people themselves, a fitting and timely tribute to one of Canada's most devoted advocates of democracy, and a fitting tribute to the spirit of this country, the Rt. Hon. R. B. Bennett who is now leaving to reside in England. Contributions should be sent to Dr. Kelloway, but so that they are as large a number as possible may have a part in providing this honour prize let no one send more than 25 cents. Contributions received after the close of \$25 is reached will be returned to donors.

Best Idea for Youth Action—

Supplementary to the above, and open to everyone, is a project to help young adults plan for social action.

The question to be answered is: "What Specific Action Can and Should the Young Adults of Alberta Take in Helping to Solve Our Social Problems and Build a True and Efficient Democracy?"

1—It is open to anyone to make a suggestion.

2—Use any number of words, few or many, but be definite and practical—not general and abstract.

3—To provide a prize for the best suggestion, everyone who makes a

suggestion should send in with it, one nickel.

4—The Council of the U and W Movement in Calgary will select what they consider to be the 10 best suggestions.

5—These 10 will be sent to all who send in ideas and they will be the judges of the best single idea.

6—The winner gets all the nickels, or in case of more than one person sending in the winning suggestion, they will be divided.

7—Send suggestions to Dr. Warwick R. Kelloway, Calgary not later than January 31st, 1939.

## Ardene

Mr. P. G. Watson, also Miss Mabel Phillips spent one day last week in Calgary.

Mr. D. S. Brook and daughter Joan, were Calgary visitors last week.

Mr. A. Gillies also Mrs. Wanda Platt were Calgary visitors Friday.

We are sorry to hear that Mrs. M. Lytle is very sick at her home. We hope she may have a speedy recovery.

Mr. John Davis is making a very slow recovery but we are pleased to hear he is somewhat better, and hope he will soon be on his feet again.

Miss Vera Sarsons left Monday to spend some time in Calgary. Vera will be on the staff of the Public Library and we wish her every success in her new undertaking.

Mr. Howard Andrews returned home after spending a week at Hartel.

Mr. C. O. Dawson and Mr. Geo. Dawson received the sad news of the death of their father in England early in the New Year. Mr. Dawson had reached the great age of 92 years.

We would like to extend our deepest sympathy to the Rev. Geo. and Mrs. Lang in the very sad loss of their little daughter.

U. F. A. WITHDRAWAL FROM POLITICS

After much discussion the U. F. A. has voted to withdraw from the political field. As matters stand at the moment, this would mean a withdrawal of sympathy to the Rev. Geo. and Mrs. Lang in the very sad loss of their little daughter.

## THE IMMORTAL MEMORY

Burns Memory will be celebrated this week in song, story, banquet and dance throughout Canada, to any nothing of the land of his birth. It was not because of his profound poetry but the great human kindly heart of the man that has endeared him to so many down through the years. Like the present Post Laureate, John Macfie—whose crowd is printed in this week's Post, both challenge the cause for the underlying not "prices and lords" of the earth. Macfie however in his earlier writing makes his plea in stark unvarnished realism, while Burns draws a "lily veil over mankind's frailties" which makes "gentler" reading.

Who can resist the plulative pleading for the wee bit music in

Wee, sleekit, cowrin', tim'rous beastie. O, what a panic in thy breastie! Thou hasten start'st up as hasty, Thou blinkin' brattle!

I was bleth to rin and chase thee. My maird'ring patie!

But, Mouse, thou art no't my laze, In proving foresight may be vain;

The best-laid schemes o' mice and men, Gang aft agley,

And I've naught but grief and pain For promised joy.

## BURNS' TEA

A typically "Hebrew" Tea was arranged by the Ladies Aid and served in the basement of the United Church Wednesday afternoon. Jewish men, women, children and young people, with sandwiches and cake added for the more western palate, were provided with refreshment. Tea, and coffee and beverage. A large number of guests filled the tables, and the gratifying sum of \$16.75 was realized. Sprigs of holly, and Scotch roses with a silver programme in keeping added to the atmosphere of the Land of the Hebrew. Ladies in charge were Mesdames, White, Gilbert, McGregor, Garrett, Leary, Jones, Welling, Nelson and Caldwell.

Not of the princess and peakes with periwigged charlatans  
Riding triumphantly harnessed to lay the fat of the years,  
Rather the scorned, the rejected, the men hemmed in with epaurs;

The men of the battered battalion  
Which fights till it dies,  
Dazed with the din of the battle, the din and the cries,  
The men with the broken heads and the blood running into their eyes.

Not the beloved commander, beloved of the throne  
Riding cock-horse to parade when the bugles are blown,  
But the lads who carried the koppel and cannot be known.

Not the ruler for me, but the rather the tramp of the road,  
The slave with the sack on his shoulders pricked on with the sword  
The man with too weighty a burden, too weary a load.

The sailor, the stoker of steamers, the man with the clout,  
The chafman bent on the hall lads putting a tune to the shout,  
The drowsy man at the wheel and the tired lookout.

Others may sing of the wine and the wealth and the mirth,  
The portly presence of potentates gaily in girth—  
Mine be the dirt and the dross, the scum of the earth!

There be the music, the color, the story, the gold;  
May be a banquet of ashes, a mouthful of mould  
Of the maimed, of the halt and the blind in the rain and the cold—  
(Of these shall my songs be fashioned, my tale be told.—Amen)

## A Farmer's Musings

(Tim Longbottom)

## DIET—

A sudden switch of diet seems to be a perilous business, especially for guests who have passed the century mark.

After living for 122 years on fruit, milk and vegetables a Turkish farmer came into a legacy and took to feasting on hefty beef steaks twice a day.

This high living proved too much for him and so to say, he passed out of the picture when his friends were preparing a big celebration in honour of his 122nd birthday.

Tough luck for the old guy wasn't it?

Believe it or not, we aren't very much impressed with the reported discovery of important elements in Alfalfa.

The scientific fellows used to rave about the virtues of spinach, but since they have had to confess that their boosting was very much overdone, it seems that they are bent on reviving the green feed business with alfalfa.

This may be jaxious for some folks but we hope to stick to oatmeal for another 50 years anyway.

## SIGNS OF SPRING—

After reading in the daily paper of headfins and porgy willows making their appearance, it was not surprising to hear a lad say that he had heard the notes of a meadowlark down by the creek.

The third week in January seems pretty early for yellowthroats to be seen or heard on the prairie, but the pleasant weather may have caused a few to return to their summer haunts much earlier than usual.

One little fellow used to come to the farm nearly a month before, and feathered brethren and the cold snaps made him quite tame.

On account of a crippled foot he couldn't do very much scratching and a few crumbs on the window sill or doorstep were very acceptable to him. He hasn't come back for a while, but we hope that he is still alive and able to entertain the folks of some other farm with his cheerful little song.

## BOYCOTT—

When a Chinese fruit peddler said that he was not selling Jap oranges, we understood the reason and did not press the subject any further.

This boycott of Jap oranges by the "Chinamen of the west" is but one of the many now being carried out in a highly effective way in different parts of the world.

During the past year the export trade of Japan fell off about 25 per cent and if the ladies of America and Europe decided to wear gowns and stockings made from silk economic disaster would overtake the Japs in a short time.

The women of Australia are now agitating for such a course, but they are not getting very much support. It is said, however, that the foreign trade of Germany suffered intensely during 1928.

Hence for this is being laid on the Jews, and it goes to show what a powerful weapon boycott can be when it is carried out in a relentless fashion.

Such individuals as Hepburn, Duplessis and Abernethy have always got great schemes under their own hats, but when it comes to co-operating with others they behave like a bunch of bulky horses.

Our own Premier evidently has a keen sense of humour as well as an unlimited amount of nerve.

The Hon. gentleman recently asked the folks to pray for the government during the forthcoming session of the house, whereas he should have told them to pray for themselves.

Other sessions have led to increased taxation, the loss of the management of rural schools and a number of disallowed bills like the obnoxious one centred on farm produce.

If this is Social Credit then may a kind providence preserve us from any more of it.

## Nightingale

Mr and Mrs Don Murray are receiving congratulations on the arrival of a fine baby girl on January 18th.

Mr and Mrs Parr went to Calgary and of course had to visit with the new grand daughter.

Mr and Mrs Dick Jensen attended the farewell party for Mr and Mrs Ross in Rockford last Wednesday.

The hockey boys dance last Friday was a decided success. The splendid music of the White Tux orchestra made dancing imperative and every one had a good time. Ross, Newall was the lucky one on a draw for a box of chocolates.

Last Wednesday local hockey fans journeyed to Rockford for a match with that team. The score ended with a two one victory for lightnites. On Sunday a return game was played at Nightingale and Rockford won by 2-1. On Saturday the smaller boys of Nightingale were defeated by Strathmore Midgets to the tune of 3-1.

Mrs Stoodley entertained the Women's Institute at her home Jan. 1. The roll call for the day was Current Events and was well responded and as usual created discussion. Plans were laid for meeting for 1939. The ladies expect to help with a community supper in the near future. A committee was appointed to take charge. At the close of the meeting a delicious tea was served and all enjoyed a social hour.

Mr and Mrs Fred Hilton and children are moving into the buildings on Leonard Hilton's farm recently vacated by Mr and Mrs Jack Stoodley.

Mr and Mrs George Thurston Jr. from Lybia came over for a visit with home folks last Sunday and enjoyed the hockey game.

Mr and Mrs Harriman spent the week end visiting with friends at Hartwell and Longview. Miss Addie Munday of Hartell came back with them for a week's visit.

## THE WORLD OF WHEAT

By H. G. L. Strange  
Director—The Crop Testing Plan

My farm is in an area where good rainfall is none too sure, and now and again we have a crop failure because of drought. There is no chance on my place of making a dam or of providing irrigation, if I could only find some way of growing each year enough grain for seed and feed, I believe I could get along.

This is a statement which I have frequently heard from farmers during the recent drought years; but there is a plan which I have often suggested,

For use in drought areas that I have two whole years of rainfall will be accumulated, and under the worst conditions of drought I have found that a acres each year to be double summer-fair and usually a good crop in harvest. This means that the field set aside will be kept in summer-fallow. The loss of a few acres for one year or black, without producing a crop, is a splendid insurance for the seed for two years instead of the one year and feed supply that so many farmers usual for summer-fallow. In this way are worried about.

## DAIRYMEN PLAN ANNUAL CONVENTION

—1939—

The Annual Convention of the Alberta Dairymen's Association will be held in the Palliser Hotel, Calgary, on Tuesday, Wednesday, Thursday, February 7th, 8th and 9th. Arrangements and plans were discussed at a Committee meeting in the Palliser Hotel on Wednesday at which Mr. J. R. Sweeney, Deputy Minister of Agriculture was present.

Outstanding speakers to give addresses will be Dr. W. E. Peterson of the University of Minnesota, Dr. Booth, Federal Dept. of Agriculture, Dr. Hood, head of Dairy Research of Dominion Govt. and others.

Arrangements are being made for one of the largest attendances in the history of the Convention and the program, both from the point of view of outside and local speakers, excels in items of practical interest to producers and consumers.

The special Ladies' Committee, under the chairmanship of Miss Fern Atkinson of the Union Milk Company is making arrangements to entertain with a view of out of town visitors. Luncheons and teas have been arranged for the ladies, and it is expected that they will attend the regular meeting of the Women's Municipal Club on Wednesday afternoon.

## A LITTLE HUMOR

Bookkeeper—'I'll have to have a raise, sir, there are three other companies after me.  
Boss—Is that so? What companies?  
Bookkeeper—Light, phone and water.

As the story goes, there was a flea in the old man's ear when he was crossing the big bridge. Say, said the flea, didn't we make that old structure rattles!

## Beauty for YOU

The Secrets of Good Looks

## YOUR BEAUTY IN THE BALANCE

Last week's article suggested a Beauty Stocking, and this week we will consider a few other points of beauty that should be weighed up.

How is your figure? Is it youthful and supple, or is it inclined to sag in parts? Spend a few minutes daily on limbering and stretching exercises, to keep the body pliant. If you need to reduce in parts, you should obtain the dancing cream and massage it in. And you also need special exercises. I can tell you more about these if you will write me.

If you are considerably overweight, of course there is nothing for it but a period of dieting and exercise. Do not worry overmuch about weight tables, though. Ask yourself the question, "Am I feeling fit?" and "Do I look alright?" and if the answers satisfy yourself, you can afford to laugh at all the weight tables!

Don't overlook your hair and hands! Hair, ladies hair needs a good vaseline hair tonic to restore its lustre. Once a week have a shampoo; you will find a multifaceted coconut oil shampoo that will thoroughly cleanse the hair and scalp of all grease and dust. Nothing quite takes the place of constant brushing, however, so ply your hairbrushes religiously every day.

Are your hands coarse and reddish? Use a hand lotion often. When my hands are inclined to be chapped, I rub the backs of the fingers and knuckles, I rub a little lysol salve on them and it is so comforting.

Write to me if you want confidential advice in your personal beauty problems. Any you can obtain any of the following interesting leaflets by sending a 5c stamp for each one required: Facial Care; Bad Development; Superficial Hair; Hand Beauty; Glimorous Hair; Fascinating Eyes; Feet Care; Slimming; Underweight; Reducing in Spots.

Please mention the Standard, and attach your letters to, Barbara Lynn, P. O. Box 75, Station B, Montreal, Que.

GET MORE DOLLARS

FROM YOUR HENS

More eggs and lower feeding

costs are the result when you

feed Watkins Mineralized Pou-

ltry Tonic to your hens. That

means that you get more dollars

from your poultry and the cost is

very small. You'll have a

healthier flock too. Insure the

health of your birds, and you'll

get more eggs.
